

TBG C-Panel (CCFL Replacement)

Initially offered as a replacement when TBG's CCFL range had been marked obsolete. But more than a replacement, the C-Panel range offers to be a lighting solution that can stand on its own merits.

TBG's C-Panels offer numerous advantages compared to the previous CCFL technology in light boxes, while maintaining the small form factor.

- *Lifetime of 50,000 + hours (ei. 5+ years of 24hrs a day use)*
- *Operates from direct Low Voltage input, 12VDC or 24VDC*
- *Full 1 year warranty with automatic replacement guarantee*
- *Eliminates the use of high voltage inverters or ballast*
- *Electrically safe, no high voltages, no glass breakages, minimum heat*
- *Fully UL and RoHS 2 compliant*
- *Robust Construction, high impact and vibration resistant design*
- *Fully green technology*
- *Complete dimmable for softer warmer looks*

The current C-Panels have been designed as a drop-in replacement for the TBG CCFL range, however the connectors or adaptors can be easily added and customised.

Currently available as replacements for TBG-CCFL lengths of 200mm, 300mm, 400mm and the Trapezium Type 4 CCFLs.
